i want to teach us about the revelation and significance of the death of jesus and why he had to shed his blood couldn t he have died without shedding his blood now take note the realm of the spirit is a realm that works with very definite spiritual laws it does not leave any chance to guesswork and the initiating of anything from man s opinion there are exact spiritual laws that must be followed through for any process to be achieved in the realm of the spirit the significance of bloodthis is the common ground for every religion i know including the occultic they respect blood and they have something to do with blood right from the garden of eden we begin to see how that when man fell god himself stripped a bloody lamb and used it to cover adam and eve right from the garden of eden there was the shedding of blood then all through the old covenant we see the shedding of the blood of bulls but the question i have is that what is it about blood that makes it effective why not the flesh why not water is it the colour of the blood is it anything that is just red in the human body many people know that the blood saves but we do not know what is it in the blood that is so powerful that even satan and death the last enemy to be destroyed can respect it all through the scripture we see that anytime the blood was shed there was an invisible hand that stopped men in whatever it is they wanted to do kings in ancient times will slaughter their children and allow the blood to spill on the floor and at once the war will stop no matter how angry the enemies were what is it about the blood not the blood of jesus just blood is it the colour or its liquid form so if i inject someone now and a blue substance comes out do we still call that blood the reason the church has not accessed the power of the blood is because we have been taught that the blood is powerful but we have not been taught the revelation of what makes it powerful what makes the blood powerful is it because it was shed by jesus what about the ones of bulls and rams what about the ones of children that native doctors shed read this book and be blessed
