the regulation of the legal profession in ireland is a new and insightful exploration of history controversy and reform relating to the irish legal system during recent legislative debate over a professional reform bill alan shatter then the minister of justice in ireland publicly called this study in its earlier form as a dissertation marvellous and stated that it should be compulsory reading for us all he noted that the thesis sets out the history of the legal profession and how it evolved it evolved continually until approximately 1870 and then went into paralysis and nothing has changed since it is extraordinarily curious that people think the world stopped in 1870 professor laurent pech formerly of the school of

law at nui galway and now head of the law department at middlesex university london has stated that this study makes a decisive contribution to the on going scholarly and policy debates on this issue by evaluating the present regulatory framework and offering a number of suggestions to improve it in a context of increasing transnationalisation of the market for legal services he added that hosier s innovative approach to the problem of lawyers misconduct is in particular worth noting this aspect of her work has the potential to help alleviate a problem which has been extremely costly for both the legal profession and wider society alike her doctoral research also provides a valuable insight into the impact of the troika upon the regulation of the legal profession in so called bailed out countries professor pech concluded that the author should be congratulated for having made an exceptional contribution to the current debate on the regulation of the legal profession both nationally and internationally i have no doubt that her original and thought provoking work will be useful to policy makers and scholars alike this book features professor john flood s new substantive introduction explaining the worldwide implications of professional reform efforts the financial crisis that precipitated them and the relation to regulation of the legal profession in other countries it also includes the author s notable examination of the effect of the troika s bailout conditions on law reform possibilities in ireland this part of the book was presented in the us at the 2013 annual conference of the law and society association finally the book adds a section on 2014 developments in reform efforts in ireland a powerful new addition to the dissertation series from quid pro books

build your career find community and create a fulfilling life in Ireland starting fresh in a new country can be exciting yet overwhelming especially when navigating a unique job market and unfamiliar social dynamics in this comprehensive guide juracy antunes draws on over a decade of professional experience and personal insights gained from living in Ireland to provide readers with the essential tools to thrive whether you re an ambitious job seeker an entrepreneur eager to start a business or someone searching for a sense of belonging in your new home this book is crafted to support every step of your journey juracy combines firsthand experience with practical up to date information making this book an invaluable resource for anyone ready to succeed in ireland

the professional development of nursing and midwifery in ireland key challenges for the twenty first century provides a unique overview of the many changes that are taking place in the irish health services and details how they will continue to affect the professions of nursing and midwifery it explores how nurses and midwives interact with others in the health services and how nursing and midwifery are a rich resource in the delivery of an efficient and effective healthcare service this book is a comprehensive guide to what it means to be a nurse or midwife in today s irish health services it is essential reading for all those involved in nursing and midwifery education both students and educators and is a reference book for clinical practitioners employers and all those involved in the formulation of policies for the health services and the regulation of the professions

this book presents critical perspectives on teacher professional learning and professional development as interpreted in 14 countries across europe bringing together experts from across europe the book fulfils a need for a better understanding of the changing nature of teacher professional learning in national policy contexts and of the cultural differences

existing between various systems it discusses the new thinking that has emerged in the field of teacher education alongside new models that reflect the changing patterns and policies relating to the ways educational professionals maintain and enhance professional practice the book highlights that new models of teacher leadership and practitioner inquiry have a strong focus on pedagogy and social justice it also examines briefly the challenges brought about by the covid pandemic and the ways in which new approaches to professional learning specifically the use of new technologies have begun to transform practice in some countries in europe the book gives insights into the ways in which professional learning policy is interpreted and applied in practice it will be highly relevant for researchers and post graduate students in the fields of teacher professional learning and development school leadership comparative education and educational policy and planning

in a sprawling chronicle of civilization through irish eyes akenson takes us from st patrick to woodie guthrie from constantine to john f kennedy from india to the australian outback in two volumes of masterful storytelling he creates ironic playful and acerbic historical miniatures a quixotic series of reconstructions woven into a helix in which the same historical figures reappear in radically different contexts as their narratives intersect with the larger picture

the new edition of the report of the european commission for the efficiency of justice cepej which evaluates the functioning of the judicial systems of 45 council of europe member states remains in line with the process carried out since 2002 it relies on a methodology which has already proved itself to collect and process a wide range of quantitative and qualitative judicial data this unique study has been conceived above all as a public policy tool aimed at improving the efficiency and the quality of justice the cepej s objective is to have the knowledge in order to be able to understand analyse and reform this report is intended for policy makers legal practitioners and researchers as well as for those who are interested in the functioning of justice in europe

building on the breakthrough text philosophy and engineering an emerging agenda this book offers 30 chapters covering conceptual and substantive developments in the philosophy of engineering along with a series of critical reflections by engineering practitioners the volume demonstrates how reflective engineering can contribute to a better understanding of engineering identity and explores how integrating engineering and philosophy could lead to innovation in engineering methods design and education the volume is divided into reflections on practice principles and process each of which challenges prevalent assumptions and commitments within engineering and philosophy the volume explores the ontological and epistemological dimensions of engineering and exposes the falsity of the commonly held belief that the field is simply the application of science knowledge to problem solving above all the perspectives collected here demonstrate the value of a constructive dialogue between engineering and philosophy and show how collaboration between the disciplines casts light on longstanding problems from both sides the chapters in this volume are from a diverse and international body of authors including philosophers and engineers and represent a highly select group of papers originally presented in three different conferences these are the 2008 workshop on philosophy and engineering wpe 2008 held at the royal academy of engineering the 2009

meeting of the society for philosophy and technology spt 2009 at the university of twente in the netherlands and the forum on philosophy engineering and technology fpet 2010 held in golden colorado at the colorado school of mines

covers 8th session
