the mayo clinic physician and founder of the patient revolution offers a thoroughly convincing call to action for medical industry reform kirkus winner of the 2018 pencraft award for literary excellence why we revolt exposes the corruption and negligence that are endemic in america s healthcare system and offers a blueprint for revolutionizing patient care across the country through a series of essays and first hand accounts dr victor m montori demonstrates how the system has been increasingly exploited and industrialized putting profit before patients as costs soar

the united states continues to fall behind other countries on patient outcomes offering concrete direct actions we can take to bring positive change to the healthcare system why we revolt is an inspiring call to action for physicians policymakers and patients alike dr montori shows how we can work together to create a system that offers tailored healthcare in a kind and careful way all proceeds from why we revolt go directly to patient revolution a non profit organization founded by dr montori that empowers patients caregivers community advocates and clinicians to rebuild our healthcare system

the first book to document women s crucial role in the fall of poland s communist regime

i am truly delighted to be recommending this book and suite of resources to you i trust that you will find them as inspiring and thought provoking as i have done prof dame helen stokes lampard dbe phd frcgp flsw chair of the academy of medical royal colleges this new book of leadership narratives portrays the reality of driving change within primary care making it a valuable resource for a broad primary care audience it empowers both clinicians and non clinicians by helping them recognise and harness their leadership qualities the book weaves together stories from diverse primary care practitioners operating at different levels from junior to senior in both clinical practice and large scale operations these narratives showcase how these professionals applied their leadership skills navigated challenges and distilled valuable lessons from their experiences to enhance the reader s understanding the editors have added their own insights to each contribution emphasising the lessons that the broader community can glean rather than reiterating theoretical concepts they refer back to their companion book the leadership hike key features transforms theoretical leadership principles into practical applications through real life experiences in contemporary primary care appeals to individuals at all stages of training and practice by offering real world examples from a diverse array of primary care professionals addresses a wide range of subjects to empower a cross section of the primary care team highlights areas of significant change within the primary care workforce motivating current and future leaders to shape the future encourages self reflection through thought provoking questions prompting readers to apply the lessons in their own leadership journeys complementing the book podcast interviews with the authors can be found at elearning.rcgp.org.uk/mod/page/view.php?id=13316 when read independently or alongside the leadership hike this book serves as an invaluable reference for all team members regardless of clinical background it is especially pertinent for gp trainees and trainers given the incorporation of leadership and quality improvement into the licensing qualification for general practice mrcgp

winner of the 2021 prose award for clinical psychology and psychiatry against a
