political elite and the new russia convincingly argues that although reforms in russia have been initiated by those close to the president in fact local and national elites have been the crucial strategic actors in reshaping russia s economy democratising its political system and decentralising its administration this book analyses the role of elites under yeltsin and putin discussing the extent to which they form a coherent political culture and how far this culture has been in step with or at odds with the reform policies of the kremlin leadership

a passionate compelling and disturbing argument that the ills of democracy in the united states today arise from the default of its elites john gray new york times book review front

page review in a front page review in the washington post book world john judis wrote political analysts have been poring over exit polls and precinct level votes to gauge the meaning of last november s election but they would probably better employ their time reading the late christopher lasch s book and in the national review robert bork says the revolt of the elites ranges provocatively and insightfully controversy has raged around lasch s targeted attack on the elites their loss of moral values and their abandonment of the middle class and poor for he sets up the media and educational institutions as a large source of the problem in this spirited work lasch calls out for a return to community schools that teach history not self esteem and a return to morality and even the teachings of religion he does this in a nonpartisan manner looking to the lessons of american history and castigating those in power for the ever widening gap between the economic classes which has created a crisis in american society the revolt of the elites and the betrayal of democracy is riveting social commentary

study of the khamti southeast asian people of arunāchal pradesh and their role in social transformation

distinguished contributors draw on the latest research into the elites who have striven to dominate exploit or change the structures of power in modern spain

where did the era of divided government come from what sustains split partisan control of the institutions of american national government year after year why can it shift so easily from democratic or republican presidencies coupled with republican or democratic congresses how can the vast array of issues and personalities that have surfaced in american politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time these big questions constitute the puzzle of modern american politics the old answer a majority and a minority party plus dominant and recessive public issues will not work in the era of divided government byron shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on american politics provides a convincing new answer that has three major elements these elements in combination not divided government as a catch phrase are the real story of politics in our time the first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities the old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns the second element can be seen in the behavior of political parties and party activists whose own preferences don t match those of the general public that public remains reliably left of the active republican party on economic and welfare issues and reliably right of the active democratic party on cultural and national concerns the third crucial element is found in an institutional arrangement the distinctively american matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out in the first half of the book shafer examines how dominant features of the reagan first bush clinton and second bush administrations reflect the interplay of these three elements recent policy conflicts and institutional combatants in shafer s analysis illuminate this new pattern of american politics in the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework in this light modern american politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

this study inquires into the dynamics of state civil society relations within the context of policy making for the conservation and utilization of forest resources in thailand and the philippines

both a political biography of carlos pellegrini and a study of political economy this book challenges traditional views of argentine history covering the period from 1880 through 1916 richmond reconstructs this period of elite rule he demonstrates that pellegrini solved recent problems nearly 100 years earlier and questions why the military middle class reformers and populists have failed where the elites often succeeded the author s main hypothesis is that the pellegrini regime was a turning point in argentine history the departure of the elites coincided with a decline in stability in this country this work focuses on pellegrini s two year presidential term during which he strengthened the economy and overhauled the fiscal system within this context the author examines three related themes argentina s ties to europe the rise of nationalism and pellegrini s relationship with julio roca making extensive use of archival material rarely used by historians richmond concludes by discussing socioeconomic forces that have weakened argentina since the fall of peron in 1955 carlos pellegrini and the crisis of the argentine elites is a study of the life and times of carlos pellegrini an important leader who pulled argentina out of the deep fiscal and political crisis of 1890 covering the period 1880 to 1916 chapters include political disputes and socioeconomic change 1870 1886 juarez celman and the 1890 revolt pellegrini s fiscal economic policies conflict in the countryside diplomacy and national politics evolution as independent statesman 1893 1906 success and failure of elite rule

few american social programs have been more unpopular controversial or costly than aid to families with dependent children afdc its budget now in the tens of billions of dollars has become a prominent target for welfare reformers and outraged citizens indeed if public opinion ruled afdc would be discarded entirely and replaced with employment yet it persists steven teles s provocative study reveals why and tells us what we should do about it teles argues that over the last thirty years political debate on afdc has been dominated by an impasse created by what he calls ideological dissensus an enduring conflict between opposing cultural elites that have largely disregarded public opinion thus he contends one must examine the origins and persistence of elite conflict in order to fully comprehend afdc s immunity to the reform it truly needs the kind that unites the elements of order equality and individualism central to the american creed one of the first studies to analyze afdc from a new democrat position whose welfare sheds new light on the controversial role of the courts in afdc the rise of welfare waivers in the mid 1980s the failure of the clinton welfare plan and the victory of block granting over policy oriented welfare reform teles however goes beyond mere critical analysis to advocate specific approaches to reform his thoughtful call for compromise built around the centrality of work individual responsibility and opportunity offers a means for dissolving dissensus and genuine hope for changing an outdated and ineffectual welfare system based on interviews with participants in the afdc policymaking process as well as an unparalleled synthesis of the voluminous afdc literature whose welfare will appeal to a wide array of welfare scholars policymakers and citizens eager to better understand the tumultuous history of this problematic program and how it might fare in the wake of the fall elections

a collection of thirteen essays considered classics in the field of urban politics from leading scholar clarence stone with new essays by the editors and by stone himself that contextualize the impact of his previous works and suggest new directions for researchers

examines the works of frederick douglass booker t washington w e b du bois and several other canonical figures to uncover a rich and vital tradition of black environmental thought from the abolition movement through the harlem renaissance provides the first careful linkage of the early conservation movement to black history the first detailed description of black agrarianism and the first analysis of scientific racism as an environmental theory

a detailed study of the operations politics culture and autonomy of soviet partisans or guerrillas who fought the german army in wwii blending military political social and cultural

history slepyan also provides a prism for viewing relations between the suffocating stalinist state and its independent partisan warriors

focuses on america s first attempts at empire building through a string of u s supreme court decisions in the early part of the 20th century that tried to define the legal and constitutional status of america s island territories puerto rico cuba and the philippines among others and reveals how the court provided the rationalization for the establishment of an american empire

a fascinating account from the military s perspective of the historically tense and at times outright antagonistic relations between senior military leaders and american presidents and their advisors closely examines and grades the impact of presidential styles on the military s view of the president

by incorporating voices from history that have too long been lost in the din of tradition especially the voices of native americans and blacks women and laborers kansas and the west provides a provocative and much needed new view of the state s past

knott observes that thomas jefferson and his followers and later andrew jackson and his adherents tended to view hamilton and his principles as un american while his policies generated mistrust in the south and the west where he is still seen as the founding plutocrat hamilton was revered in new england and parts of the mid atlantic states hamilton s image as a champion of american nationalism caused his reputation to soar during the civil war at least in the north however in the wake of gilded age excesses progressive and populist political leaders branded hamilton as the patron saint of wall street and his reputation began to disintegrate book jacket

education is intimately connected to many of the most important and contentious questions confronting american society from race to jobs to taxes and the competitive pressures of the global economy have only enhanced its significance elementary and secondary schooling has long been the province of state and local governments but when george w bush signed into law the no child left behind act in 2002 it signaled an unprecedented expansion of the federal role in public education this book provides the first balanced in depth analysis of how no child left behind nclb became law patrick mcguinn a political scientist with hands on experience in secondary education explains how this happened despite the country s long history of decentralized school governance and the longstanding opposition of both liberals and conservatives to an active reform oriented federal role in schools his book provides the essential political context for understanding nclb the controversies surrounding its implementation and forthcoming debates over its reauthorization how the struggle to define the federal role in school reform took center stage in debates over the appropriate role of the government in promoting opportunity and social welfare he places the evolution of the federal role in schools within the context of broader institutional ideological and political changes that have swept the nation since the 1965 elementary and secondary education act chronicles the concerns raised by the 1983 report a nation at risk and shows how education became a major campaign issue for both parties in the 1990s mcguinn argues that the emergence of swing issues such as education can facilitate major policy change even as they influence the direction of wider political debates and partisan conflict mcguinn traces the republican shift from seeking to eliminate the u s department of education to embracing federal leadership in school reform then details the negotiations over nclb the forces that shaped its final provisions and the ways in which the law constitutes a new federal education policy regime against which states have now begun to rebel and that only by understanding the unique dynamics of national education politics will reformers be able to craft a more effective national

role in school reform
