addressing the challenges associated with managing global offshoring strategies this book aims to put a face on some danish companies as they engage in offshoring projects it is aimed at bachelor master and mba students taking courses on global strategy it is also useful in conjunction with a set of articles on global strategy issues

when the knowledge creating company oup nearly 40 000 copies sold appeared it was hailed as a landmark work in the field of knowledge management now enabling knowledge creation ventures even further into this all important territory showing how firms can generate and nurture ideas by using the concepts introduced in the first book weaving together lessons from such international leaders as siemens unilever skandia and sony along with their own first hand consulting experiences the authors introduce knowledge enabling the overall set of organizational activities that promote knowledge creation and demonstrate its power to transform an organization s knowledge into value creating actions they describe the five key knowledge enablers and outline what it takes to instill a knowledge vision manage conversations mobilize knowledge activists create the right context for knowledge creation and globalize local knowledge the authors stress that knowledge creation must be more than the exclusive purview of one individual or designated knowledge officer indeed it demands new roles and responsibilities for everyone in the organization from the elite in the executive suite to the frontline workers on the shop floor whether an activist a caring expert or a corporate epistemologist who focuses on the theory of knowledge itself everyone in an organization has a vital role to play in making care an integral part of the everyday experience in supporting nurturing and encouraging microcommunities of innovation and fun and in creating a shared space where knowledge is created exchanged and used for sustained competitive advantage this much anticipated sequel puts practical tools into the hands of managers and executives who are struggling to unleash the power of knowledge in their organization

a unique combination of travelogue humor and insider cycling critique chasing lance brings into focus the entire tour de france experience 8 page photo insert 2 maps

this unique desk reference on hearing aids gives unprecedented access to the major hearing aid manufacturers and their product lines in a convenient at a glance format nine major manufacturers are profiled with background information on each company including history research and development philanthropic activity and warranty information following each profile is a comprehensive listing of that manufacturer s most current hearing aid products

the book strives to contextualize the changes that have occurred to date in this relatively young field and looks to the future of cochlear implantation in children in the 15 years since the fda approval of cochlear implants for children there have been numerous technology advances as well as changes in candidacy criteria implantation has been extended to additional populations including children presenting with cognitive challenges or children who come from homes in which there is a spoken language other than english the drive to earlier and earlier implantation has resulted in a whole new community of professionals who need information about children and cochlear implants the early interventionists years of data collection have yielded important information about performance trends in all children who use the device the book also addresses these issues
