beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the canadian renaissance starting in the 1960s the short story has become canada s flagship genre it continues to attract the country s most accomplished and innovative writers today among them margaret atwood mavis gallant alice munro carol shields and many others yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the canadian short story this collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized canadian short stories from the genre s beginnings through the twentieth century a historical survey of the genre introduces the volume and a timeline comparing the genre s development in canada the us and great britain via representative examples completes it the collection is geared both to specialists in and to students of canadian literature for the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the canadian short story reingard m nischik is professor and chair of american literature at the university of constance germany

honourable mention in the 2023 british association for contemporary literary studies monograph prize the short story after apartheid offers the first major study of the anglophone short story in south africa since apartheid s end by focusing on the short story this book complicates models of south african literature dominated by the novel and contributes to a much needed generic and formalist turn in postcolonial studies literary texts are sites of productive struggle between formal and extra formal concerns and these brief fragmentary elliptical formally innovative stories offer perspectives that reframe or revise important concerns of post apartheid literature the aesthetics of engaged writing the politics of the past class and race the legacies of violence and the struggle over the land through an

analysis of key texts from the period by Nadine Gordimer, Ivan Vladislavić, Zoë Wicomb, Phaswane Mpe and Henrietta Rose Innes. This book assesses the place of the short story in post-apartheid writing and develops a fuller model of how artworks allow and disallow forms of social thought.

How does one translate experience into fiction? Here, at last, is specific and practical guidance on the art, craft, and business of writing short stories. Comprehensive yet concise, William H. Phillips offers indispensable advice on exploring sources, galvanizing the imagination, studying stories, and then writing them. Drawing on years of classroom experience, the author provides guidance for several types of writers: beginners, writers with works in progress, those seeking other writers for critiques, and students in introductory and intermediate writing courses. A special section features three original stories by former students of the author. Accompanying materials on development offer keen insights into the writer's craft. Using proven, group-tested materials, *Writing Short Stories* furnishes all the essentials needed to produce effective short fiction, from simple guidelines to sample journal entries, from exercises to strategies. Not to mention a healthy and welcome dollop of encouragement and inspiration.

If you can't decide which new novel or nonfiction book to pick up, here's another idea: try reading a short story collection rather than focus on a singular narrative. These unique options weave together the voices of several writers or focus on multiple stories by an author you know and love. Short stories are tiny windows into other worlds and other minds and other dreams. They are journeys you can make to the far side of the universe and still be back in time for dinner.
