an intellectual feast learned lucid challenging and accessible san francisco chronicle ideas crackle in this triumphant final book of tony judt taking readers on a wild ride through the ideological currents and shoals of 20th century thought los angeles times the final book of the brilliant historian and indomitable public critic tony judt thinking the twentieth century maps the issues and concerns of a turbulent age on to a life of intellectual conflict and engagement the twentieth century comes to life as an age of ideas a time when for good and for ill the thoughts of the few reigned over the lives of the many judt presents the triumphs and the failures of prominent intellectuals adeptly explaining both their ideas and the risks of their political commitments spanning an era with unprecedented clarity and insight thinking the twentieth century is a tour de force a classic engagement of modern thought by one of the century s most incisive thinkers the exceptional nature of this work is evident in its very structure a series of intimate conversations between judt and his friend and fellow historian timothy snyder grounded in the texts of the time and focused by the intensity of their vision judt s astounding eloquence and range are here on display as never before traversing the complexities of modern life with ease he and snyder revive both thoughts and thinkers guiding us through the debates that made our world as forgotten ideas are revisited and fashionable trends scrutinized the shape of a century emerges judt and snyder draw us deep into their analysis making us feel that we too are part of the conversation we become aware of the obligations of the present to the past and the force of historical perspective and moral considerations in the critique and reform of society then and now in restoring and indeed exemplifying the best of intellectual life in the twentieth century thinking the twentieth century

opens pathways to a moral life for the twenty first this is a book about the past but it is also an argument for the kind of future we should strive for thinking the twentieth century is about the life of the mind and the mindful life just s book ill fares the land republished in 2021 featuring a new preface by bestselling author of between the world and me and the water dancer ta nehisi coates

during the twentieth century medicine has been radically transformed and powerfully transformative in 1900 western medicine was important to philanthropy and public health but it was marginal to the state the industrial economy and the welfare of most individuals it is now central to these aspects of life our prospects seem increasingly dependent on the progress of bio medical sciences and genetic technologies which promise to reshape future generations the editors of medicine in the twentieth century have commissioned over forty authoritative essays written by historical specialists but intended for general audiences some concentrate on the political economy of medicine and health as it changed from period to period and varied between countries others focus on understandings of the body and a third set of essays explores transformations in some of the theatres of medicine and the changing experiences of different categories of practitioners and patients
