this book provides the first empirical analysis of lone actor terrorist behaviour based upon a unique dataset of 111 lone actors that catalogues the life span of the individual s development the book contains important insights into what an analysis of their behaviours might imply for practical interventions aimed at disrupting or even preventing attacks it adopts insights and methodologies from criminology and forensic psychology to provide a holistic analysis of the behavioural underpinnings of lone actor terrorism by focusing upon the behavioural aspects of each offender and by analysing a variety of case studies including anders breivik ted kaczynski timothy mcveigh and david copeland this work marks a pointed departure from previous research in the field it seeks to answer the following key questions is there a lone actor terrorist profile and how do they differ what behaviours did the lone actor terrorist engage in prior to his her attack and is there a common behavioural trajectory into lone actor terrorism how lone do lone actor terrorists tend to be what role if any does the internet play what role if any does mental illness play this book will be of much interest to students of terrorism counter terrorism studies political violence criminology forensic psychology and security studies in general

in the wake of the attacks of september 11 2001 the united states launched initiatives that test the limits of international human rights law the indefinite detention and torture of detainees at guantánamo bay targeted killing and mass surveillance require an expansion of executive authority that negates the rule of law in permanent state of emergency ryan alford establishes that the ongoing failure to address human rights abuses is a symptom of the most serious constitutional crisis in american history instead of curbing the increase in executive power congress and the courts facilitated the breakdown of the nation s constitutional order and set the stage for presidential supremacy the presidency alford argues is now more than imperial it is an

elective dictatorship providing both an overview and a systematic analysis of the new regime he objectively demonstrates that it does not meet even the minimum requirements of the rule of law at this critical juncture in american democracy permanent state of emergency alerts the public to the structural transformation of the state and reiterates the importance of the constitutional limits of the american presidency
