for students and researchers new to mixed methods a concise introduction to mixed methods research 2e by renowned author john w creswell provides a brief and practical introduction to mixed methods many graduate students and researchers in the social behavioral and health sciences may not have the time or resources to read long treatises or stacks of journal articles on mixed methods research this text quickly describes the basics of setting up and conducting a study using this methodology chapters are short and follow the process of research from

ensuring skills for conducting research acknowledging the steps in planning a study designing studies with increasing complexity planning sampling strategies and integration and writing up the results of your study get started in mixed methods quickly with this brief primer

a critical yet accessible introduction to organisational behaviour and work this book will help you understand the complexities of organisational life and evaluate modern business practices classic organisational behaviour topics such as team working motivation and change are complemented by core critical approaches such as power and control organisational misbehaviour and health and well being through a clear three part structure students are encouraged to look beyond a descriptive approach and truly engage with the content examples and stop and think boxes placed throughout chapters as well as end of chapter case studies with accompanying questions provide the opportunity for this engagement and show how each chapter s theoretical coverage applies in real life business situations

whilst the prevailing orthodoxy of the expenditure retrenchment literature is that globalisation and neo liberal ideas are leading to a downsizing of the state empirical research basing its conclusions on patterns of welfare state spending does not support such a view this book brings a new perspective to bear by looking at what has been happening to other areas of the state s activity edited by francis g castles a leading authority in the field and bringing together an outstanding group of british german and american scholars it examines trends in non social or core spending on public administration defence public order education economic affairs and debt financing and in the regulatory ordering of the economic sphere the book not only opens up new areas of comparative public policy research but also demonstrates clearly that there have been real reductions in the reach of state in some areas although patterns of causation are more complex and varied than generally presumed by the retrenchment literature the research findings reported in the disappearing state provide pivotal relevant and challenging core material for advanced undergraduate and postgraduate courses in public and social policy political economy and the sociology of the modern state

a 2020 aesa critics choice book award winner the rise of high stakes testing in new york and across the nation has narrowed and simplified what is taught while becoming central to the effort to privatize public schools however it and similar reform efforts have met resistance with new york as the exemplar for how to repel standardized testing and invasive data collection such as inbloom in new york the two parent teacher organizations that have been most effective are long island opt out and new york state allies for public education over the last four years they and other groups have focused on having parents refuse to submit their children to the testing regime arguing that if students don t take the tests the results aren t usable the opt out movement has been so successful that 20 of students statewide and 50 of students on long island refused to take tests in opting out two parent leaders of the opt out movement jeanette deutermaann and lisa rudley tell why and how they became activists in the two organizations the story of parents students and teachers resisting not only high stakes testing but also privatization and other corporate reforms parallels the rise of teachers across the country going on strike to demand increases in school funding and teacher

salaries both the success of the opt out movement and teacher strikes reflect the rise of grassroots organizing using social media to influence policy makers at the local state and national levels perfect for courses such as the politics of education education policy education reform community organizing education evaluation education reform parents and education
