this is the first book to analyze ridley scott s film gladiator from historical cultural and cinematic perspectives the first systematic analysis of ridley scott s film gladiator examines the film s presentation of roman history and culture considers its cinematic origins and traditions draws out the film s modern social and political overtones includes relevant ancient sources in translation

this publication of abraham polonsky s unproduced screenplay for the gladiators is a tribute to one of hollywood s premiere post ww ii directors and writers whose career was severely impacted by the blacklist his script for the gladiators survives to remind us that he could and did transform a difficult and complex novel of an ancient slave rebellion into a screenplay worthy of arthur koestler s bold fictional vision through a combination of the ambivalence of its executive producer and star plus bad timing it never went before the cameras this book is published in the hope that the gladiators will be produced for cinema or television
