transnational mobility in the eu has become a key factor for supranational integration equal life chances and socioeconomic prosperity this book explores the cultural and social patterns that shape people s migration the historical and contemporary patterns of their movement and the manifold

consequences of their migration for themselves and their families exploring the links between social and spatial mobility the book draws attention to the complexity of moving and staying as ways in which social inequalities are shaped and reinforced grounded in research conducted in germany and poland the book develops the concept of cultures of transnationality to analytically frame the variety of expectations involved in migration and how they shape migration dispositions opportunities and outcomes cultures of transnationality in european migration will be of broad interest to scholars and students of transnational migration european development cultural sociology intersectionality and subjectivity specifically it will appeal to scholars interested in the cultural ramifications of moving and staying as well as those interested in the interplay of gender ethnicity and class in the making of social inequality

the story of a disillusioned generation that set out to reclaim its dignity and take on corporate america in recent years young college grads have faced an alarming reality crushing debt unemployment and jobs below their qualifications they are frustrated that the time and money they invested in a degree have failed to bring about the opportunities they were promised the anger of this college educated working class began to boil over during the covid pandemic when workers at companies like apple and starbucks shocked corporate america by voting to unionize not long after the veteran new york times reporter noam scheiber met chaya barrett an astute college grad and eight year apple employee who had helped organize her coworkers at an apple store near baltimore while following barrett and her cohort as their seemingly spontaneous rebellions spread far and wide from college educated workers at apple stores and starbucks cafés through video game studios and even to hollywood writers rooms scheiber realized he was witnessing something deep and lasting mutiny is the revelatory account of a generation made confident by their historic educational achievements only to become disillusioned when their degrees yielded far less than they were taught to expect with striking empathy scheiber paints a vivid portrait of this new working class while telling the dramatic story of its revolt against the status quo he describes how recent developments like the proliferation of artificial intelligence and the war in gaza have further fueled its discontent and he explains why the college educated working class will continue to demand change in the workplace in cities like new york and in national politics for years to come

in the context of turkey s accession to the eu the issue of potential migration

from turkey and its impact upon european labor markets became one of the concerns of the eu considering turkey s growing population and young labor force in 2011 half a century after the bi lateral agreement between turkey and germany on labor recruitment in 1961 migration plays a key role in relations of turkey with the eu and will even increase its significance not necessarily for the next fifty years but certainly for the next decade this book touches upon various aspects of the ongoing debate about the effects of turkey s accession to the eu upon the migration flows and sheds light on various dimensions of current panorama addresses policy implications as well as future challenges and opportunities

the international migration outlook 2017 the 41st edition of this annual oecd publication analyses recent developments in migration movements and policies in oecd countries and selected non member countries where relevant it examines the impact of the recent increase in humanitarian migration it looks at the evolution of the labour market outcomes of immigrants in oecd countries with a focus on the medium term dynamic of employment outcomes and on the implications of structural changes in the labour market it includes one special chapter on family migrants looking at this important part of migration and the policies that govern it a statistical annex completes the book

by analysing the irish development strategy this book questions its much portrayed success the republic of ireland has followed an export oriented development path relying on foreign direct investment inflows as the main development agent however this chosen path of development has led to growing industrial social and developmental polarisations despite the indisputable impressive overall growth figures growth is primarily driven by the investing multinationals and the inequality of earnings have been exacerbated thus questioning the irish growth model s success

accompanying cd rom contains patient guides and screening questionnaires in multiple languages p 4 of cover
