informal alliance is the first archive based history of the secretive bilderberg group the high level transatlantic elite network founded at the height of the cold war making extensive use of the recently opened bilderberg group archives as well as a wide range of private and official collections it shows the significance of informal diplomacy in a fast changing world of cold war decolonization and globalization by analyzing the global mindset of the postwar transatlantic elite and by focusing on private transnational modes of communication and coordination this study provides important new insights into the history of transatlantic relations anti americanism western anti communism and european integration during the 1950s and 1960s informal alliance also debunks the persistent myth that the bilderberg group was created by the cia and repudiates widespread conspiracy theories alleging that bilderberg was some sort of secret world government

updated and now in its second edition this book explores the two power factions that have dominated us politics and society from the early postwar period to the present their think

tanks foundations and media are examined along with their powerful international networks foreign interventions and recent factional conflict are also investigated in the final chapters before developments shaping the united states and the world including the threat of a neo totalitarian future are discussed in the concluding pages a scholarly yet readable study the author tackles the topic with a nonpartisan approach but grounded in the values of democracy liberty and promotion of the public interest

in reframing the diplomat albertine bloemendal offers a unique window onto the unofficial dimension of cold war transatlantic relations by analyzing the diplomatic role of the dutch atlanticist ernst van der beugel as a government official and as a private diplomat after a career with the dutch government at the frontlines of the marshall plan european integration and transatlantic relations van der beugel pursued a more freestyle approach to diplomacy as a private citizen most notably through his role as secretary general of the illustrious bilderberg meetings and his ties to the european and american foreign policy establishments this book also traces his close friendship with henry kissinger which provided him with a direct line to the white house

this is a classic work a highly readable wide ranging study of the trilateral commission and the worldwide strategies of trilateralism it demystifies national and international events power propaganda and policy making from world war ii through the sixties and seventies and into the eighties

financial and business corporations throw millions of dollars at think tanks lobbyists and universities exploiting writers and artists galore their assignment to twist words gnarl symbols sell lies whip people into line the elite consensus fingers the american enterprise institute the council on foreign relations the chamber of commerce the heritage foundation and many other educational corporations which men of property have unleashed on this planet the author shows how these corporate con artists teach us our history elect our representatives write our laws define ideas and frame public policy debates originally published in 2000 by blue mountains biodiversity project as the corporate consensus

contributors to this volume use newly available sources to challenge the widely held assumption that european integration developed in the 1980s they demonstrate how various networks influenced constitutional choices and policy decisions after world war ii

the story of america s march to globalisation began two centuries ago with a trade driven war against barbary pirates and exists today in the interests of a small corporate elite while politicians foster an image of a chivalric us which serves as the global protector of freedom democracy and human rights the reality is that us policies have showed contempt for these very ideals and have led to the situation that individual corporate giants now wield more economic power in the global arena than most national governments this is that story

roving from the parched wadis of the middle east to an isolated farmhouse in rural quebec to the crowded boutiques of beverly hills master storyteller and award winning writer john lawrence reynolds explores the most notorious secret societies in history probing their origins and activities and revealing secrets maintained and distorted over hundred of years reynolds peels away the layers of speculation paranoia and fear and shines a brilliant light on individuals and organizations that have generated suspicion and terror over several centuries he treats the reader to a behind the scenes look at rituals and initiations artifacts and secret signs influences and dangers and in the telling he uncovers a rogues gallery of assassins con artists thieves racists drug smugglers adulterers pranksters and crooks but where does the truth lie does global power actually control the election of world leaders has an ancient mystical religion really been reduced to a length of red string selling for a dollar an inch are some secret societies little more than a group of boys playing at secret handshakes from the assassins to the yakuza from freemasons to bonesmen shadow people and their secrets have flourished throughout history some fear them some dismiss them but everyone is fascinated by them secret societies fuel our imagination and their shadows continue to fall across our daily lives

a point by point analysis of the premises and implications of economic globalization

in this book jerry mander and edward goldsmith gather more than 40 economic agricultural and environmental experts to convey a complete picture of how globalization will affect our lives

a global system of mass warrantless government surveillance now imperils privacy and other civil liberties essential to sustaining the free world this project to unilaterally totally control information flow is a product of complex ongoing interplay between technological political legal corporate economic and social factors including research and development of advanced digital technologies an unremitting war on terror relaxed surveillance laws government alliances with information technology companies mass media manipulation and corporate globalism this book details these and other factors contributing to this degenerative trend specifies recommendations for constructive change and provides a platform for grassroots efforts to stop the decline before it is too late
