jerome mcgann s exciting new work represents a major intervention in eighteenth century and romantic studies it takes as its prime aim the reading of neglected poetry principally by women which qualifies as either poetry of sensibility or poetry of sentiment terms which comprised the revolution in poetic style of the eighteenth century later reactions against these new technical and imaginative resources produced a state of cultural amnesia which the poetics of sensibility rmoves to correct while much excellent scholarly work has been devoted to this kind of writing especially in the past few years the critical focus has almost always been upon prose fiction and drama furthermore very little work has been done to expose the new stylistic devices that writers begand to discover and exploit this double neglect has caused a serious deficit in our ability to appreciate or even to read much of the poetry of the eighteenth and nineteenth centuries mcgann s polemical study is therefore an ambitious effort to begin reconstructing the order of our cultural inheritance its aesthetic focus sets it apart from virtually every other work of this kind the book represents both of the major poetical movements of the past two centuries romanticism and modernism as cultural reactions against the procedures of sensibility and sentimentality romanticism is seen as an effort to curb or modify what were taken to be the more dangerous tendencies of the sentimental revolution modernism s anathema against sentimental styles on the other hand framed its argument on behalf of a set of broadly classical and formalist literary conventions the poetics of sensibility examines the attitudes and procedures followed by various poets who were developing other novel resources of poetical language made
