burning man is the premier countercultural event of modern times growing over 25 years from a strange san francisco beach party into an experimental city of 50 000 colorful souls in nevada s black rock desert which burns brightly for a week before dissolving into dusty memories and changed lives longtime newspaper journalist steven t jones embedded himself in this blossoming culture starting in 2004 a dispiriting year for american politics but the beginning of burning man s renaissance when it exploded outward in unexpected ways the result is the most in depth book ever written on this intriguing social phenomenon the tribes of burning man how an experimental city in the desert is shaping the new american counterculture which is being released in january 2011 by ccc publishing from covering the borg2 artists rebellion to learning how to make large scale fire sculptures with the flaming lotus girls from helping opulent temple showcase the world s best djs to cleaning up after hurricane katrina with burners without borders from regularly interviewing event founder larry harvey to covering barack obama s nominating convention speech jones gives readers an inside meticulously reported look at a time when burning man hit its zenith just as the country hit its nadir hundreds of thousands of people from all over the world have made the dusty pilgrimage to black rock city to take part in this experiment in participatory art commerce free culture and bacchanalian celebration and many say their lives were fundamentally changed by this truly unique experience

each august staff and volunteers begin to construct black rock city a temporary city located in the hostile and haunting black

rock desert of northwestern nevada every september nearly seventy thousand people occupy the city for burning man an event that creates the sixth largest population center in nevada by mid september the infrastructure that supported the community is fully dismantled and by october the land on which the city lay is scrubbed of evidence of its existence the archaeology of burning man examines this process of building occupation and destruction for nearly a decade carolyn l white has employed archaeological methods to analyze the various aspects of life and community in and around burning man and black rock city with a syncretic approach this work in active site archaeology provides both a theoretical basis and a practical demonstration of the potential of this new field to reexamine the most fundamental conceptions in the social sciences

doherty provides detailed information on the outrageous festival its inception history growth and players for the hundreds of thousands who have attended as well as those who only wish they had

the spread of uk music festivals has exploded since 2000 in this major contribution to cultural studies the lid is lifted on the contemporary festival scene gone are the days of a handful of formulaic large events dominating the market place across the country hundreds of boutique gatherings have popped up drawing hundreds of thousands of festival goers into the fields why has this happened what has led to this change in her richly detailed study industry insider dr roxy robinson uncovers the dynamics that have led to the formation and evolution of the modern festival scene tracing the history of the culture as far back as the fifties this book examines the tensions between authenticity and commerce as festivals grew into a widespread professionalized industry setting the scene as a fragmented yet highly competitive market music festivals and the politics of participation examines the emergence of key trends with a focus on surrealist production and popular theatricality for the first time the transatlantic relationship between british promoters and the social experiment come festival burning man is

documented uncovering its role in promoting a politics of participation that has dramatically altered the festival experience taking an in depth approach to examining key events including the fastest growing independent music festival in recent years hampshire s boomtown fair the uk market is shown to have produced a scene that champions co production and the democratization of festival space this is a vital text for anyone interested in british culture

a comprehensive resource that will prove invaluable to fashion historians this book presents a detailed exploration of the breadth of visually arresting consumer driven styles that have emerged in america since the 20th century what are the origins of highly specific denim fashions such as bell bottoms skinny jeans and ripped jeans how do mass media and popular culture influence today s street fashion when did american fashion sensibilities shift from conformity as an ideal to youth oriented standards where clothing could boldly express independence and self expression street style in america an exploration addresses questions like these and many others related to the historical and sociocultural context of street style supplying both a z entries that document specific american street styles and illustrations with accompanying commentary this book provides a detailed analysis of american street and subcultural styles from the earliest example reaching back to the early 20th century to contemporary times it reviews all aspects of dress that were part of a look considering variations over time and connecting these innovations to fashionable dress practices that emerged in the wakes of these sartorial rebellions the text presents detailed examinations of specific dress styles and also interrogates the manifold meanings of dress practices that break from the mainstream this book is a comprehensive resource that will prove invaluable to fashion historians and provide fascinating reading for students and general audiences
