and if i go and prepare a place for you i will come again and will take you to myself that where i am you may be also john 14 3 esv jesus christ was very clear one day he will return and we must know the signs of the times remain watchful and be ready for when he comes again in this insightful study steve motyer explores a number of key biblical texts to unpack the message of the second coming examining passages from both the old and new testaments he demonstrates that jesus christ is the core of the biblical worldview the climax of the biblical message the cornerstone of biblical theology and the centerpiece of authentic biblical faith for the twenty first century a new volume in the trusted the bible speaks today series of commentaries the message of the second coming offers a clear cogent and

so real you won't want to soon leave she masterfully recreates Egypt's 4th dynasty the pyramid age a time in which gods goddesses and magicians were the true rulers of the land

and if I go and prepare a place for you I will come again and will take you to myself that where I am you may be also John 14:3 ESV Jesus Christ was very clear one day he will return and none of us knows when vocal fanatics claim to know the details of the second coming causing many Christians to all but ignore the good news that Jesus is coming again yet God's own word commands us to know the signs of the times to remain watchful and to be ready whenever Christ comes this book is a straightforward in depth exploration of the key biblical texts regarding the second coming most notably Christ's longest and most important eschatological message the Olivet discourse as you study what the word of God says about these matters it will stir in your heart an earnest longing for Christ's return as well as a certainty about how to live expectantly until he comes again

In this pioneering study of scripture and reception history Tucker's *Ferda* shows that the hope for Jesus's second coming originated in his own message about the coming of the kingdom after a time of distress most historical Jesus scholars take for granted that Jesus's second coming was invented by his zealous early followers in Jesus and his promised second coming Tucker's *Ferda* challenges this critical consensus using innovative methodology *Ferda* works backward through reception history to Paul and the gospels to argue that the hope for the second coming originated in Jesus's own grappling with the prospect of death and his conviction that the kingdom was near he expected a return that would coincide with the final judgment and the end of the age within the space of a generation *Ferda* also makes a major contribution to the reception history of the Bible shedding light on how Christians distinguished their faith from Judaism by deriding Jewish messianism as earthly minded and militaristic in the early modern period critics found an expedient way to distance Jesus from this caricature of Jewish messianism they pinned the expectation for the second coming on Jesus's early followers a new appreciation for the diversity of Judaism and messianism in the second temple period makes possible a fresh reconstruction of Jesus bold and historically astute Jesus and his promised second coming breathes new life into a long stagnant conversation it also offers readers fresh insight into the history of Jewish Christian

relations students and scholars of the new testament will need to read and engage with ferda s provocative argument

in the book second thoughts about the second coming teacher author and systems engineer joe reeves deals with many aspects of the idea of jesus second coming that are seldom considered by modern christians but he does so from the standpoint of asking several critical questions the basic questions he asks and answers in this book are can a book of scripture at some later date come to mean what it never meant can a scriptural text at a later date come to mean what the author obviously did not intend it to mean to those of his original envisioned recipients to whom he wrote and a meaning that the first recipients simply would not have understood then based on those answers he asks and answers several questions about jesus resurrection his resurrected nature and his ascension then based on the biblical answers to those questions asks and answers the question about whether or not jesus and the biblical writers predicted a second coming using those questions and the question of specifically what would those first century christians have understood about what modern interpreters call jesus second coming as the basis for study joe uses his training and experience in systems thinking bible history cultural anthropology and logic and philosophical realism to formulate a system of thinking that challenges many of the modern assumptions upon which the four most common doctrines about jesus second coming are based for the person who wishes to learn more about how the first christians would have used and understood the writings they received about jesus and his life after his resurrection this book is a must read

the second coming of paisley is the first book to examine the relationship between the reverend ian paisley and leaders of the militant wing of evangelical fundamentalism in the united states in the period immediately preceding the outbreak of the northern ireland troubles in the late 1960s jordan convincingly demonstrates that it was exposure to the ideas and principles of leaders of the christian right such as carl mcintire and billy james hargis that enabled paisley to develop a militant brand of politicized religious fundamentalism that he used successfully to block the advance of civil rights for northern ireland s catholic population this cross fertilization happened not in a historical vacuum but in the context of several centuries of interaction and exchange between ulster and north america drawing upon

extensive archival research jordan provides a full background analysis and establishes a framework for understanding the extraordinary force with which reverend paisley used a religious culture imported from the united states to affect a radical shake up of religion and politics in northern ireland shedding new light on the influence of evangelical fundamentalism the second coming of paisley will be indispensable for scholars interested in the influence of religion on politics

foreword by charles c ryrie this work presents a biblically based reasoned examination of the second coming

the second coming of jesus christ is the core of the biblical worldview the climax of the biblical message the cornerstone of biblical theology and the centrepiece of authentic biblical faith for the twenty first century at the heart of this bold opening statement by stephen motyer is the conviction that jesus christ is the centre of the scriptures even though he only appears at the end for the new testament writers jesus christ revolutionized their understanding of the scriptures and gave them a new centre around which to interpret the work of god in the world and the climax of that work is the second coming of that same jesus christ jesus himself used the language of the scriptures to promise his coming again the coming of the son of man hence we need the whole of scripture to understand what the second coming means for us today the fact that the bible ends with the prayer come lord jesus revelation 22 20 is deeply appropriate the second coming is the end of the biblical message its omega point its grand finale the denouement when all the players in the drama of earth history both human and angelic are gathered in the drawing room to hear the master unpack the plot and give the verdict motyer s comprehensive stimulating study is divided into two parts part one the biblical frame examines three old testament passages and lays the foundation for part two new testament hopes and visions which explores a series of key texts he focuses on the second coming rather than on millennialism or the end times in order to provide the fundamental biblical theology that must underlie our whole sense of god s future for his

world

the second coming a simplified study is intended for those who are curious about what the bible has to say on the subject while being respectful to all the views scholars have on the topic all the major portions of scripture in the new testament that explore this topic are presented including the book of revelation this format seeks to take a complex subject and make it simple enough for the average person to follow along and come to their own conclusions as to what god is saying to man about his return and the end of the age we will explore together what the scriptures actually say the common views concerning them and in many instances why those views have become prominent this study becomes increasingly relevant as current events such as natural disasters increased lawlessness governmental breakdown human trafficking and financial instability continue to increase dramatically year by year christ came the first time and most everyone especially the experts got it wrong let s

explore together and learn from their mistakes there are some things we can know and other things we will have to trust
